COURSE DESCRIPTION:

Feel stressed? Feel as if there is not enough time in the day to get everything done? Feel as if you always put yourself last? These are just a few of the common and overwhelming feelings teachers express as they have more to do each day with seemingly less time to do it. In this course, for all teachers K-12, you will learn how to balance your life so that you can feel more positive about yourself and teaching, feel better both physically and mentally, and determine your non-negotiables, what to “let go” of, and how to have a mindset of self-efficacy. Remember: you have to take care of yourself first before you can take care of others.

This course is appropriate for teachers K-12. Text cost about \$10 on Amazon.
