

## Color and Labeling

Grade:K

Time:30-45 minutes

Objective:Students will be able to label pictures.

Materials:

Book "How the crayons saved the rainbow"

Color labeling picture

Lesson:

-Students will gather on the carpet. Read "How the crayons saved the rainbow."

Discuss the different colors and things that are each color.

-Discuss how labeling a picture can help understand a story and explain that they are going to learn how to label pictures.

-Show students the clown with balloons labeling picture for colors. Distribute papers to the class. Color a balloon red and label it for students to see. Have students copy from the teachers paper. Continue through all the colors and balloons.

Closure:

-Students will share their picture. Ask students to show red and they will point to that balloon and word.
